Dr. Joshua Lederberg
Department of Genetics
University of Wisconsin
Madison, Wisconsin

Dear Doctor Lederberg:

If possible I would like to obtain a culture of the wild type Escherichia coli, strain K-12 for use in one of our research problems. If you are unable to supply the culture, will you please tell me where I might be able to obtain one? We need to get this work started immediately. Any help you may give me will be appreciated.

Sincerely yours,

Ilda McVeigh
